**NO TELEMENTORING SESSION-DECEMBER 2021**

### Purpose:

By holding monthly tele-mentoring sessions, the Western States Regional Hemophilia Network aims to create a forum where healthcare providers can discuss cases as well as challenges and successes they experience when providing patient care

### What we do:

Our group will meet monthly for a one-hour video conference that consists of a case presentation (however, no identifying patient information is shared) and/or a didactic session. We hope to see you on our next call!

### How to Connect!

Find archived video recordings at this page: <https://cibd-ca.org/portal/>
